Professional Summary

Second-year Computer Science & Engineering (Data Science) student with a strong interest in quantitative finance, machine learning, and data engineering. Building AI-driven financial systems, Discounted Cash Flow (DCF) valuation, machine learning forecasting, market regime analysis, and risk management. Passionate about algorithmic trading, investment research, and intelligent decision-support systems.

Technical Skills

- **Programming:** Python, C++, SQL, JavaScript
- **Machine Learning:** Scikit-Learn, XGBoost, Feature Engineering, Time Series Forecasting, Model Evaluation, Cross Validation
- **Data Engineering:** Pandas, NumPy, SQL, Power BI, ETL Pipelines
- **Corporate Finance:** Discounted Cash Flow (DCF), Financial Statement Analysis, Business Valuation, Investment Analysis, Capital Budgeting
- **Quantitative Finance:** Market Regime Analysis, Backtesting, Risk Management, Portfolio Construction, Factor Investing
- **Developer Tools:** Git, GitHub, VS Code, Jupyter Notebook, Google Colab

Featured Project

Hybrid Stock Valuation & Trading Decision System

- Designed an end-to-end quantitative investment platform integrating DCF valuation with machine learning forecasting.
- Developed automated ETL pipelines for financial statements and market data.
- Implemented feature engineering and time-series prediction workflows.
- Integrated Market Regime Analysis using India VIX, NIFTY trend and Market Breadth.
- Designed a hybrid Buy/Hold/Sell decision engine with portfolio risk management and backtesting.
- Tech Stack: Python, Pandas, NumPy, Scikit-Learn, XGBoost, yfinance, Power BI, Git.

Experience & Certifications

- JPMorgan Investment Banking Virtual Experience
- Goldman Sachs Risk Virtual Experience
- Financial Markets Yale University
- OSI Cloud Infrastructure Oracle

- Machine Learning For Trading Quantinsti
- IBM Data Science Professional Certificate (In Progress)

Education

B.Tech: SY CSE(DS)- Vishwakarma Institute of Technology, Pune

HSC: Shiv Chhatrapati College, Chhatrapati Sambhajanagar

SSC: The Jain International School, Chhatrapati Sambhajanagar

Areas of Interest

Quantitative Research, Machine Learning, Financial Markets, Corporate Finance, Algorithmic Trading, Data Engineering
